

TRAKYA UNIVERSITY ARCHITECTURE FACULTY

3rd EDİRNE OUTDOOR AMPHITHEATRE EDUCATES THE ARCHITECTS OF THE FUTURE:

INTERNATIONAL CULTURAL HERITAGE WORKSHOP

MONUMENT in the city

The annual “Edirne outdoor amphitheatre educates the architects of the future: cultural heritage workshop” will be held this year with the undergraduate and graduate students of the Faculties of architecture of national and international universities between 9-13 September 2019.

Cultural heritage is a very important resource to shed light not only on our past but also on our future. The architects of the future should recognize, assimilate and claim their history, historical wealth, cultural heritage while they are having their education. From this point on, the first workshop we started in 2017 with the unique cultural heritage of Edirne from different periods, saying that it was “an outdoor amphitheatre for the architects of the future” and the theme of this year was “MONUMENT in the city”.

Within the scope of the workshop, it is aimed examining the existing problems related to the reinterpretation of the monumental structures with their environment and relations with the city, and to developing idea projects for this purpose. For this purpose, 6 study areas have been determined within the scope of the workshop: *World Heritage Site Selimiye Mosque and Environment; Ali Paşa Bazaar ve Saraçlar Street; Eski Mosque, Historical Rüstem Pasha Caravansary and Bedesten with their surrounding; Şah Melek Mosque ve Gazi Mihal Mosque, Bridge and Gazi Mihal Turkish Bath Ruins; Üç Şerefeli Mosque, Makedonya Tower and Sokullu Turkish Bath with their surroundings and 2nd Bayezid Complex and its environment (the cultural asset is in the tentative list of World Heritage).*

Applications and participation in the workshop are free of charge. During the workshop, 4 nights accommodation, breakfast, lunch and dinner will be provided in Trakya University facilities, coffee breaks, stationery and end product supplies, model materials, poster printing expenses will be covered by Trakya University. The workshop will end with an exhibition and participation ceremony at Faculty of Architecture, Trakya University on 13 September 2019.
